

## INTRODUCTION

The E30 is the Great EDC Flashlight. Packing performance, functionality, reliability. Use the magnetic tailcap to stick the E30 to any ferrous metal to illuminate your field of view. Waterproof and impact resistant, the E30 is perfect not just for every day use but a great option for the person with an outdoor lifestyle or tradesman. After one use, you will see there was nothing sacrificed. At 1180 lumens, it is one of the brightest lights on the market.

2 x CR123A Max Output:	1.3 lm	45 lm	150 lm	—	—	—
(3V) Runtime:	35 Days	40 hrs	10.5 hrs	—	—	—

## USAGE INSTRUCTIONS

1. To turn the light on: quickly push the side button to illuminate LED;
2. To change modes: press and HOLD down side button. The last setting used will be auto-memorized when turned off.
3. Access to strobe function: Turn light off and hold down side switch(long click, 0.8 seconds). The light will remain on strobe until you turn off the light.
4. To lock the light: (1) 1\*18650-2600mAh: Turn the light off and hold down side switch, the flashlight will go to strobe first for 5 seconds, and then is locked. (2) 2\*CR123A: Turn the light off and hold down side switch, the flashlight will go to last setting first for 5 seconds, and then is locked.
5. To unlock the light: double click the side switch.

# E30

RECHARGEABLE EDC FLASHLIGHT

**USER MANUAL**

## **Maintenance**

Every 3 months, threads should be wiped with a clean cloth followed by a thin coating of silicon-based lubricant.

## **FEATURES & SPECIFICATIONS**

- Simple user interface.
- Unique digital circuit technology to maximize battery life and give consistent light output.
- Reverse polarity protection. Protects from improper battery installation.
- Machined from aircraft grade aluminum. Has type III anodized finish.
- Double coated glass lens to give maximum OTF (Out The Front) brightness and beam distance.
- Tempered glass to resist breaking and scratching upon impact.
- Waterproof to IPX8 standard. Submersible up to 2 meters under water.

## **DISCLAIMER**

- After long periods of use on the highest setting, the surface area may get hot. Please use caution when using the flashlight in a constant high brightness level. It is recommended to let the flashlight cool down to prevent any injury.
- High intensity light is harmful to human eyes. This product is not meant to be handled by children under the age of 18 without adult supervision.
- Use the highest quality, protected-circuit batteries to insure maximum performance and safety. Consult with the manufacturer regarding any questions or concerns.
- PowerTac's liability is voided if the light is not used in a proper manner or if modified.
- PowerTac reserves the right to change the design and/or specifications of all PowerTac products without prior notice.
- Please do not change batteries at dangerous locations such as gas stations. Batteries must only be changed or removed when light is off.
- Do not use or attempt to recharge a disposable CR123 battery! Do not throw the flashlight into a fire as an explosion may occur.
